PARENTAL CONTROLS

5 Press 5 for the one-step parental lock

Press **INFO** from the TV Listings Grid to access the Program Info Screen.

parental controls

Easy-to-use parental controls allow you to set viewing restrictions by channel and rating.

The settings menu enables you to set up a PIN (Personal Identification Number) that can be used to apply these Parental Controls. Locked programs cannot be viewed until the PIN is entered.

SETTING UP YOUR PIN

1. Press **MENU** on the Remote Control.

2. Parental Control is the first option and highlighted.
   Press **OK** for initial PIN setup.

3. Enter a 4-digit PIN of your choice.

4. The guide will prompt you to confirm your PIN.
   Once confirmed, the status column should now read Set.

Press **LAST** at any time to cancel the PIN setup.

HOW TO LOCK CHANNELS

There are two ways to lock channels:

· From the Parental Control option in Settings

· From the Program Information Screen

LOCKING CHANNELS FROM SETTINGS

1. Press **MENU** on the Remote Control. Parental Control is the first option and will be highlighted.

2. Press the **RIGHT** arrow to highlight the second column. The user will be prompted to Setup or enter their PIN to continue.

3. Press the **DOWN** arrow to highlight Channels.

4. Press the **RIGHT** arrow to access the third column. Use the **UP** and **DOWN** buttons to navigate the list.

5. Highlight the desired channel and press **OK** to lock. The lock icon will display.

6. If the lock is already set, press **OK** to remove the lock.

LOCKING CHANNELS FROM PROGRAM INFORMATION

1. Press **5** to access Parental Control and enter your PIN to continue.

2. Press **OK** to set a Channel Lock. The icon will change to locked.

3. Press **LAST** to return to Program Information.
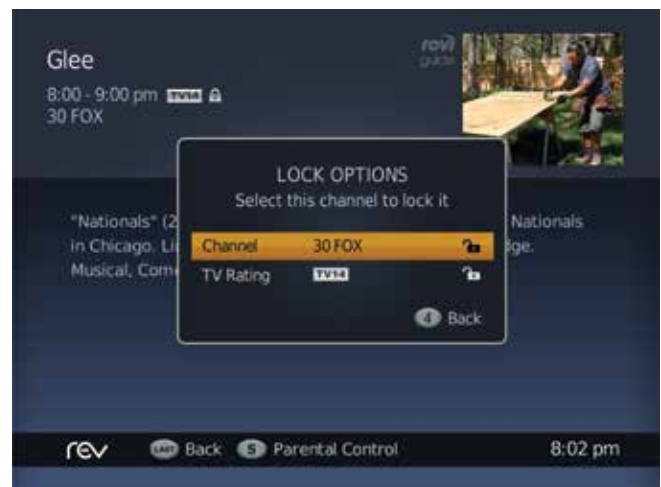

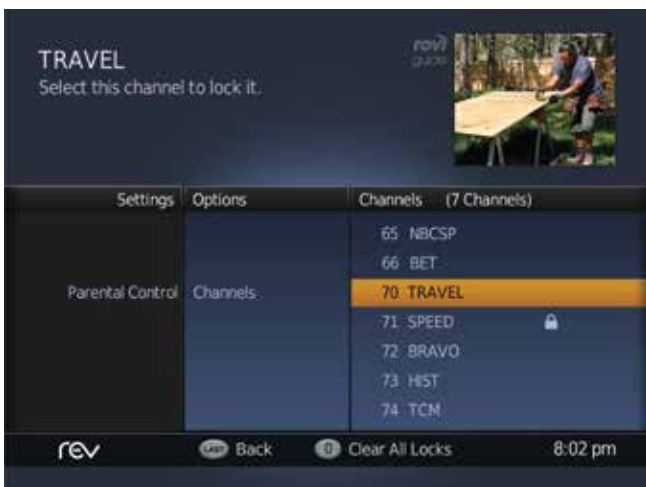

LOCKING BY RATINGS

You can choose to lock ratings by both TV Ratings and Movie Ratings.
The Rovi DTA Guide provides flexibility by providing parental controls for each.

HOW TO LOCK BY RATINGS

1. Press **MENU** on the Remote Control. Parental Control is the first option and highlighted.

2. Press **RIGHT** to highlight the second column. The user will be prompted to Setup or enter their PIN to continue.

3. Press **DOWN** to highlight Movie Ratings or TV Ratings. The third column will now change to Movie Ratings or TV Ratings, respectively.

4. Press **RIGHT** to access the third column. Use the **UP** and **DOWN** buttons to navigate the list.

5. Highlight the desired rating and press **OK** to initiate the lock. The icon will change to locked.

6. If the lock is already set, you can press OK to unlock. The icon will change to unlocked

When a TV or Movie rating is selected, the guide will automatically lock that rating and the more restrictive ratings.
For example, if you lock R, all higher ratings are also locked (NC-17, Adult, etc.)

HIDING TITLES

You can also choose to hide titles of programs that have Adult and TV-MA ratings. When titles are hidden either Adult Programming or TV-MA Programming will appear in the TV Listings grid and the program information is left blank.

HOW TO HIDE TITLES

1. Press **MENU** on the Remote Control. Parental Control is the first option and highlighted.

2. Press **RIGHT** to highlight the second column. The user will be prompted to Setup or enter their PIN to continue.

3. Press **DOWN** 4x to highlight Hide Titles

4. Press **OK** to access options.

5. Highlight the desired title list you wish to hide - Adult or Adult and TV-MA.

6. Press **OK** to toggle hiding titles.

Hiding titles does not restrict access to the programming. Use Lock By Rating to prevent access to Adult or TV-MA content.

General setup

Your guide can be personalized to display menus and overlays in English or Spanish.

HOW TO CHANGE THE LANGUAGE

1. Press **MENU** on the Remote Control.

2. Highlight General Setup.

3. Press **RIGHT** to move to the second column. Language is highlighted. The third column displays options for English and Spanish.

4. Press **RIGHT** to access the third column.

5. The current language selection is shown with a check mark.

6. To change the language, scroll **UP** and **DOWN** to navigate the list. Press **OK** to select language. A check mark will appear next to that option.

AUDIO LANGUAGE OPTIONS

Some networks offer alternate language in their audio sound tracks. If available, use the audio language options to personalize the desired default language.

CHANGING THE AUDIO LANGUAGE

1. Press **LANG** on the Remote Control.
   The currently selected language is shown with a check mark.

2. Press **UP** and **DOWN** to navigate the list.

3. To change the language, select an option and press **OK**. A check mark will appear next to that option.

HDMI INPUTS

If you have an HD DTA, there are two additional settings available, HDMI Setup and Closed Captioning.

HDMI SETUP

With an HD DTA, you can change the HDMI input based on your preference. The default setting is Auto.

1. To change the setting, press **MENU** on the Remote Control and highlight HDMI Setup.

2. Press **RIGHT** to highlight a new display setting. A checkmark will designate your selection.

3. Press **EXIT** to return to watching TV.

HDMI SETUP OPTIONS

- Auto

- 1080i wide

- 720p normal

- 720p wide

- 480p 16:9

- 480p 4:3

- 480i

The available options depend on the capabilities of your television.

CLOSED CAPTIONING

HD DTAs also provide extensive Closed Captioning (CC) options, including selecting a font color and style, background color and transparency.

CLOSED CAPTIONING SETUP

1. The default setting for Closed Captioning is **OFF**. To turn it on, press **MENU** on the Remote Control.

2. Highlight Closed Captioning. Then, press **RIGHT** 2x to select one of the following options:

   - **AUTO** Automatically display Closed Captioning when available in the default format, white text on black background.

   - **CUSTOM** Customize the way Closed Captioning appears on your TV.
     When Custom is selected, additional options in the middle column are available. Press **LEFT** to select options including:
     · Font style, size, color and opacity
     · Font edge style and color
     · Background color and opacity
     · Window color and opacity

   Select the combination of settings that are right for you.

You can select Auto to return to the default setting or turn off the feature at any time.
